

Digi Coach Card

Green Screen

What is it?

Green Screen is a green wall or fabric for making wonderful pictures & videos. You can film a friend or an item against a green screen, and with the Green screen -app, change the green screen to a background of your choosing or liking.

Challenge level

The Green screen app requires a little practise the first time. The more you use it, the easier the app will feel. You will learn to use it, don't worry!

Ideas for the classroom:

- Make a book introduction. With the background being a book cover or an illustration from the book.
- Create a video where the student is e.g in space, in an office or in a news studio.
- Make a travel video of another country and its facts.

Preparation:

- Check that Green Screenby do ink -app is downloaded.
- Find a place for the Green screen stand or cloth. Or go to a painted wall, if your school has one.
- Search for different background photos. You can also take the photos yourself. Save them onto your iPad.
