iMotion-app

What is it?

iMotion is an app with which you can make animated videos. With the app you can create stories in which, for example, toys modelling clay/playdough figures or Legos are involved.

Challenge level

Animation with the iMotion app is simple

It is easy to use, and a small-scale animation is quickly completed

If you want more of a challenge, edit (or try editing?) the animations with the iMovie app.

Ideas for the classroom:

- **Tell the** fairy tale or the **story** you read in the form of an animation.
- **Show your favourite character** on an adventure and do wild tricks.
- **Film an animated** Mother's or Father's day card.

Preparation:

- Make sure your Android device is charged.
- Think about what you want to record.
- Have Android devices to share
